

Hot Fudge Pudding Cake-from The Frugal Girl

Serves 6-8

3/4 cup sugar
1 cup flour
3 tablespoons cocoa powder
2 teaspoons baking powder
1/4 teaspoon salt

1/2 cup milk
1/3 cup melted butter
1 1/2 teaspoons vanilla

1/2 cup brown sugar
1/2 cup white sugar
4 tablespoons cocoa powder

1 1/4 cups hot water (I usually boil mine)

1. Heat oven to 350 degrees.
2. Mix sugar, flour, cocoa powder, and baking powder together in a medium bowl. Combine milk, melted butter and vanilla; add to dry ingredients. Stir gently to combine, then spread into an ungreased 8x8 inch baking pan.
3. Combine brown sugar, white sugar, and cocoa powder; sprinkle over top of batter. Pour hot water over top of cake, and bake in preheated 350 degree oven for 40 minutes. Let cool for 5-10 minutes, then serve in bowls with vanilla ice cream.
